WHO MADE YOUR BOOTS?

Thank you for the opportunity allowing us to post our information along with a code for your members to use on our website, TheUnionBootPro.Com in your union hall. All of the boots on our website are union made, American made work boots. Please note that only 2% of work boots are made in America. Our boots are made by union members in local # 688 and # 717 of the UFCW International Union. Please consider posting a link to our website on your website or including information about us in your newsletter.

We invite everyone who needs a good pair of hard-working job-fitted boots to visit our site. Company buyers are also welcome. We are confident you will be pleased with the selection of styles we offer. We also stand 100% behind the quality, workmanship, materials and performance of the boots.

We take customer service very seriously. If you have a question we will answer it!

We look forward to working with your local members!
